

EarthCARE Agenda FY 2016 (Draft)

Date	Start	End	NO	Speaker	Institution	Title	Room	
1/27 Chair: Hajime Okamoto	EarthCARE PI workshop							Conference room 10E
	10:00	-	10:20	20	Yuichi Ohno	National Institute of Information and Communications Technology(NICT)	Development of CPR Level-2 algorithm directly relating to the rader performances	
	10:20	-	10:40	20	Hajime Okamoto	Kyusyu University	Development of level2 algorithms for CPR, CPR-ATLID and CPR-ATLID-MSI.	
	10:40	-	11:00	20	Tomoaki Nishizawa	National Institute for Environmental Studies	Development of aerosol and cloud retrieval algorithms using ATLID and MSI data of EarthCARE	
	11:00		11:20	20	Takashi Nakajima	Tokai University	Development of the EarthCARE MSI cloud retrieval algorithms using resent scientific knowledges of the cloud droplet growth process.	
	11:20		11:40	20	Kentaro Suzuki	University of Tokyo	Evaluation of the effect of aerosols and clouds in the earth's radiation budget by using EarthCARE satellite data and numerical atmospheric models.	
	11:40		12:00	20	Masaki Satoh	The University of Tokyo	Development of Joint Simulator for Satellite Sensors for EarthCARE	
	12:00	-	12:20	20	Break			

* include 5 minutes Q&A
