

Figure 10: Global map of cloud cover and precipitation patterns. The map shows a cylindrical projection of the Earth's surface, with latitude on the y-axis (ranging from -90 to 90) and longitude on the x-axis (ranging from 0 to 360). The map displays various cloud patterns, including large-scale cyclones and smaller-scale weather systems. The map is overlaid with a grid of latitude and longitude lines. The map is titled 'Figure 10: Global map of cloud cover and precipitation patterns'.
